FALKE Ergonomic Sport System Autumn/Winter 2019/20

### **FALKE News: Sports socks**

#### **Skiing**

Winter sports enthusiasts get their money's worth with FALKE sports socks. The ski socks are available in seasonal colours and vibrant tones for bright ski runs. All socks are characterised by an optimal fit, protective padding and perfect moisture management.

**FALKE SK2 Crest** The ski socks made of warming merino wool and hemp are lined with full plush. They are visually appealing with their mountain silhouette and modern colour gradient.

**FALKE SK4 Brick** Ambitious skiers choose the FALKE SK4 Brick with colour blocking motif. The full plush lining will keep you warm even on the coldest days.

#### **Trekking**

Trekking fans watch out. New designs with trendy logo motifs determine the picture of the new season. Thanks to the proven FALKE quality and fit, even long tours in cold temperatures are great fun.

**FALKE TK2 Thread** Nothing stands in the way of the next winter trekking tour with the trekking socks with colour blocking and stripes design.

**FALKE TK2 Bark** Line details on the shaft make the trekking socks an eye-catcher and the warming material mix ensures blister-free, dry and warm feet.
